Non governmental Organizations on Development Issues

Development is the strategy of evasion. When you can't give people land reform, give them hybrid cows. When you can't send children to school, try non-formal education.

Sustainable development Wikipedia

Sustainable development is the organizing principle for meeting human development goals while at the same time sustaining the ability of natural systems to provide the natural resources and ecosystem services upon which the economy and society depend. The desired result is a state of society where living conditions and resource use continue to meet human needs without undermining the integrity
