Special education Simple English Wikipedia the free

Some children are disabled, or they have learning difficulties. Special education is about teaching these children. Some of them can be educated with other children of the same age who are not disabled. Others must go to special schools. If the disability is too bad they can not get an education.

About the HLPs High Leverage Practices in Special Education

A year ago, I wrote about a project designed to show what special education teachers should know and be able to do. The Council for Exceptional Children and the federally-supported Collaboration for Effective Educator Development, Accountability and Reform, also known as CEEDAR, came up with 22 high-leverage practices spread across four domains that should be mastered by []
