Why science needs God Analyzing the religion and science

Science Needs God! Although science is seen by many to be antithetical to belief in God, in actuality it is the existence of God that best provides the philosophical context for the presuppositions needed for science to flourish.

Christian Book Reviews and Critiques from Evidence for God

Book Review: God, Science, and Reason. God, Science, and Reason is an appeal to reason from a Christian perspective. Michael Bunner shows how the new atheists fail to evaluate evidence with an unbiased approach, but assume the absence of the supernatural through scientific naturalism and philosophical materialism. The book is a good resource

From Science to God Gaia

While science has given us a great explanation of the world and how it works, it has not given us a sense of how

to use this knowledge. Many of the spiritual traditions of the world have worked for centuries to awaken and empower consciousness.
