Nursing Wikipedia

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription

Pedophilia Wikipedia

From the late 1950s to early 1990s, several pedophile membership organizations advocated age of consent reform to lower or abolish age of consent laws, as well as for the acceptance of pedophilia as a sexual orientation rather than a psychological disorder, and for the legalization of child pornography. The efforts of pedophile advocacy groups did not gain any public support, and today those
