The Sacred Book of the Werewolf A Novel by Victor Pelevin

Overview. In The Sacred Book of the Werewolf, a smash success in Russia and Pelevin's first novel in six years, paranormal meets transcendental with a splash of satire as A Hu-Li, a two-thousand-year-old shape-shifting werefox from ancient China meets her match in Alexander, a Wagner-addicted werewolf who's the key figure in Russia's Big Oil.

Community Reviews. Attesting to Pelevin's reputation as one of Russia's leading contemporary novelists, The Sacred Book of the Werewolf provides that density of subject and verbiage. Knowing this is a translation, I am amazed at the translator's adept handling of Pelevin's wry humor and complex ideas voiced through his characters.

Review The Sacred Book of the Werewolf by Victor Pelevin

The Sacred Book of the Werewolf. As so often in satire, animals are the actors - in this case, despite the book's rather unfortunate title, our narrator and heroine is a fox. A fox-spirit. A foxy lady. A Chinese fox-woman several thousand years old, who tells us her tale, in which her tail plays a leading role.

The Sacred Book of the Werewolf Quotes by Victor Pelevin

The Sacred Book of the Werewolf Quotes. Reading is human contact, and the range of our human contacts is what makes us what we are. Just imagine you live the life of a long-distance truck driver. The books that you read are like the travelers you take into your cab. If you give lifts to people who are cultured and profound,

The Sacred Book of the Werewolf Three Percent

The Sacred Book of the Werewolf. All creatures are at the mercy of the cunning little fox as she lies, cheats and steals from them. However, there is no place for fox in the latter category, the grandiose fairytales that deal with themes of usurpation, murder, intrigue and betrayal in the once upon a time kingdoms of Russia.

The Sacred Book of the Werewolf Hardcover amazon com

"The Sacred Book of the Werewolf" is one of those rare books that truly and completely defies classification. Rather than a straightforward fiction or genre story, Victor Pelevin's symbolism-crammed book hops from one style to another -- Eastern mysticism, Russian urban fantasy, inhuman love story, wildly funny satire and postmodern exploration of Russia's place in a post-Soviet world.

PDF The Sacred Book of the Werewolf by Viktor Pelevin

The Sacred Book is not exactly Pelevin's best novel; it is, nonetheless, an in-teresting (and rare) poststructuralist

exercise in narrating Russia's postcommunist experience.
