### **Angelfall Penryn the End of Days 1 by Susan Ee**

Angelfall isn't the best book about angels that I've read, but it has restored my faith (har har) in the genre. The first half of the book probably garners a 4-4.5 stars, the second half a 2, so my rating is an average.

### **Angelfall Penryn the End of Days Book 1 Book Review**

Angelfall is set in the San Francisco Bay Area and portrays a fairly realistic picture of its geography. The mythology of angels plays a part in the story, but the book's adherence to standard folklore remains murky.

### **Angelfall Penryn and the End of Days Series 1 by Susan**

There is a tension and anticipation between the two main characters because of what is left UNSaid which is so much more compelling than the endless oaths of undying love or instantaneous attraction in other books.

Angelfall is clever, insightful, vivid, and gripping.

### **Angelfall Susan Ee 9780761463276 Book Depository**

This is a great book and will appeal to most book lovers. I enjoyed the action, blossoming relationships and the gentle touch on mental health, disability and religious practices. It had as much to teach us as it did tell a story

and the author went beyond and touch on subjects most YA/Fantasy books wouldn't even mention.
