51st state Wikipedia

The "51st state", in post-1959 American political discourse, is a phrase that refers to areas or locales that are seriously or facetiously considered candidates for U.S. statehood, joining the 50 states that presently compose the United States. The phrase has been applied to external territories as well as parts of existing states which would be admitted as separate states in their own

Space machines do not orbit the Earth The Wild Heretic

There are three very serious problems with the orbiting mechanism of the space machines said to whiz around the Earth. These need to be incorporated within our reality framework to help us determine what is actually real and what is marketing.
