China minerals supply squeeze hangover to 2018 likely

Bauxite & BFA supply also challenged. The anti-pollution drive has affected mineral industries beyond magnesia. Last week it was reported that 73 Chinese titanium dioxide feedstock plants, about 16% of China's total production capacity, were permanently closed by the government because they still could not meet the environmental requirements over a period of 12 months.

China Economy Facts Effect on US Economy

How China Affects the U.S. Economy. China is the largest foreign holder of U.S. Treasuries. In October 2018, China owned \$1.14 trillion in Treasuries. That's 18 percent of the public debt held by foreign countries. The U.S. debt to China is lower than the record high of \$1.3 trillion held in November 2013. China buys U.S. debt to support the value of the dollar.
