### An introduction to music theory 6 5 The perfect fifth

The perfect fifth. While discussing scales, you might have wondered why I described them in the order I chose. From a starting point of C major, the pattern for major scales with sharp key signatures was G, D, A and E, with the key signature for each scale adding an additional sharp to the previous one.

### Introduction to Modern Literary Theory Kristi Siegel

New Criticism. A literary movement that started in the late 1920s and 1930s and originated in reaction to traditional criticism that new critics saw as largely concerned with matters extraneous to the text, e.g., with the biography or psychology of the author or the work's relationship to literary history.

### Theory of forms Wikipedia

The theory of Forms or theory of Ideas is a philosophical theory, concept, or world-view, attributed to Plato, that the physical world is not as real or true as eternal, absolute, unchangeable ideas. According to this theory, ideas in this sense, often capitalized and translated as "Ideas" or "Forms", are the non-physical essences of all things, of which objects and matter in the physical
