Problem solving Wikipedia

Definition. The term problem solving means slightly different things depending on the discipline. For instance, it is a mental process in psychology and a computerized process in computer science. There are two different types of problems, ill-defined and well-defined: different approaches are used for each.

Sociological theory Wikipedia

The field of sociology itself and sociological theory by extension is relatively new. Both date back to the 18th and 19th centuries. The drastic social changes of that period, such as industrialization, urbanization, and the rise of democratic states caused particularly Western thinkers to become aware of society. The oldest sociological theories deal with broad historical processes
