Hemp Wikipedia

Hemp, or industrial hemp (from Old English hænep), typically found in the northern hemisphere, is a variety of the Cannabis sativa plant species that is grown specifically for the industrial uses of its derived products. It is one of the fastest growing plants and was one of the first plants to be spun into usable fiber 10,000 years ago. It can be refined into a variety of commercial items

Nourishing Meals Homemade Hemp Milk

Homemade Hemp Milk I use a Vitamix to make this milk, I have not tried it using a regular blender so don't know how it would work. If you have made it without a Vitamix, could you please leave a comment so others can gain from your experience? I always strain my hemp milk using a nut milk bag, though others who commented on our Facebook page said they just blend the seeds and water and didn't

Old Hemp Wikipedia

Hemp is considered the foundation sire or "father" of the Border Collie breed. The International Sheepdog society began its stud book in 1915, with Old Hemp being the ninth entry, out of around 300,000. Old Hemp's ability to herd sheep was what attracted many dog handlers. Estimates place his offspring at more than 200, due to his stud services being widely sought after.
