Cryptonomicon Wikipedia

Cryptonomicon is a 1999 novel by American author Neal Stephenson, set in two different time periods. One group of characters are World War II-era Allied codebreakers and tactical-deception operatives affiliated with the Government Code and Cypher School at Bletchley Park (UK), and disillusioned Axis military and intelligence figures.

Cryptonomicon by Neal Stephenson Paperback Barnes Noble

Cryptonomicon is the best book Stephenson has ever writtenHis plots are unbelievably complex; a treasure hunt that could easily take up a book in itself is just one more strand in Stephenson's web of looping, whirling, tangled storylinesI'll grant that it gets pretty technical at times

Cryptonomicon by Neal Stephenson on Apple Books

The book itself is great. I couldn't put it down and I find myself more interested in WW2 history after some of the fiction/non-fiction mashups that Stephenson played with in the book. I'm not really a math purist but loved

the book. The eBook was a good production.

Book Review Cryptonomicon Ryan Anderson

Cryptonomicon by Neal Stephenson weighs in at a respectable 42 hours, and had been on my to-read list for quite a while, so I bought it and finally started it when I had a long road trip for work back in January. The book is a huge epic, with a good-sized cast of main characters and two separate but related story lines.
