The 1832 cholera epidemic in East London Mernick

1: J. Hogg, London as it was; being a series of observations on the health, habits and amusements of the people of London.(London 1837). 2: There is little information on the treatments used by specific doctors in East London. The methods of one doctor from Limehouse are set out in a letter to the Central Board of Health (CBH), whose records are now in the Public Record Office.
