### **Candy Wikipedia**

Candy, also called sweets or lollies, is a confection that features sugar as a principal ingredient. The category, called sugar confectionery, encompasses any sweet confection, including chocolate, chewing gum, and sugar candy. Vegetables, fruit, or nuts which have been glazed and coated with sugar are said to be candied..

Physically, candy is characterized by the use of a significant amount of

### **Sugar plum Wikipedia**

A sugar plum is a piece of drag e or hard candy made of hardened sugar in a small round or oval shape. "Plum" in the name of this confection does not mean plum in the sense of the fruit of the same name, but referred to small size and spherical or oval shape. Traditional sugar plums contained no fruit, but were instead hardened sugar balls. These hardened sugar balls were comfits, and often

### **The Food Timeline history notes candy**

Modern American candy (Post Civil War--1920s). The Industrial Revolution made possible many new candies. Advances in food technology, scientific knowledge, and cooking apparatus made possible items such as jelly beans and chocolate. Most 19th century American cookbooks do not include recipes for making chocolate candy because it was primarily made by professional confectioners.
