### **Heart of Iron London Steampunk 2 by Bec McMaster**

Heart of Iron (London Steampunk #2) Lena Todd makes the perfect spy. In Victorian London, if you're not a blue blood of the Echelon then you're nothing at all. The Great Houses rule the city with an iron fist, imposing their strict blood taxes on the nation, and the Queen is merely a puppet on a string. Lena Todd makes the perfect spy.

### **Heart of Iron London Steampunk Book 2 Kindle edition**

I hated this plot device in the first book and really didn't like that the author re-used it in this one. It lacked creativity even IF Lena and Will's situation made this device much more sensible. It worked better in "Heart of Iron" but considering the previous book had, essentially, the same thing - meh.
