

HOW TO START A SMALL VEGETABLE GARDEN

RELATED BOOK :

Vegetable Gardening for Beginners The Basics of Planting

Start small. A good-size beginner vegetable garden is about 16x10 feet and features crops that are easy to grow. A plot this size, based on the vegetables suggested further down this page, can feed a family of four for one summer, with a little leftover for canning and freezing (or giving away to jealous neighbors).

Starting Your First Vegetable Garden Garden Guides

First, think small. Don't bite off more than you can chew, or hoe. It's like starting out an exercise program by running five miles the first day. You get tired, sore and you quit. Likewise, if you plant a huge garden the first year, you'll curse, cuss and turn your sore back on gardening for good.
