Tips for Parents Parenting your Gifted Child with ADHD

For example, because a child is able to hyperfocus (which, actually, is not a part of the diagnostic criteria), it does not necessarily mean that the child has ADHD, or is gifted. What is troublesome for a child with ADHD is controlling attention, particularly in situations that are not necessarily rewarding or require substantial effort.

ADHD Gifted ADHD Awareness And Help

I have seen shows (with ADHD gifted children), articles, and speeches about people that have ADHD and are very gifted. One example is something I read by Ron Paul, Presidential Candidate of 2008. Ron Paul said, "The symptoms of ADHD are strikingly similar to indications that a child is gifted, and bored in an unchallenging classroom."
