Windward and leeward Wikipedia

Windward (/ w n d w r d, w n r d /) is the direction upwind from the point of reference, alternatively the direction from which the wind is coming. Leeward (/ l i w r d, l j u r d /) is the direction downwind (or downward) from the point of reference. The leeward region of mountains generally remains dry as compared to the windward. The side of a ship that is

Lesser Antilles Wikipedia

Geography. The islands of the Lesser Antilles are divided into three groups: the Windward Islands in the south, the Leeward Islands in the north, and the Leeward Antilles in the west.. The Windward Islands are so called because they were more windward to sailing ships arriving in the New World than the Leeward Islands, given that the prevailing trade winds blow east to west.
