Leadership Wikipedia

Leadership is both a research area and a practical skill encompassing the ability of an individual or organization to "lead" or guide other individuals, teams, or entire organizations. Specialist literature debates various viewpoints, contrasting Eastern and Western approaches to leadership, and also (within the West) United States versus European approaches.

Understanding the Trait Theory of Leadership Verywell Mind

The trait theory of leadership focuses on identifying different personality traits and characteristics that are linked to successful leadership across a variety of situations. This line of research emerged as one of the earliest types of investigations into the nature of effective leadership and is tied to the "great man" theory of leadership first proposed by Thomas Carlyle in the mid-1800s.
