

BLOOD PRESSURE RESEARCH

RELATED BOOK :

Latest blood pressure research British Heart Foundation

Latest blood pressure research Studying the brain could help us to better understand, and control, high blood pressure. June Davison talks exclusively to Professor Julian Paton about his BHF-funded research. For every three people who read this article, one of them will have high blood pressure (hypertension). While there's an armoury of drugs available to treat hypertension, nearly half of those who are prescribed medication for it still suffer from the condition.
