What is it like to be dead The Philosophy and Psychology

Most religions affirm an explicit belief in an afterlife, that is to say, that biological death is not the end of a human being's existence. Recent research in the cognitive science of religion indicates that the cross-culturally widespread belief in a life after death is cognitively natural for humans: it arises spontaneously, without explicit instruction, and sometimes even in the absence of any cultural input.

Afterlife Explained Everything Explained Today

Major views on the afterlife derive from religion, esotericism and metaphysics. Some belief systems, such as those in the Abrahamic tradition, hold that the dead go to a specific plane of existence after death, as determined by God, or other divine judgment, based on their actions or beliefs during life.
