Could Veganism End World Hunger

Whenever someone in the animal rights community suggests the concept of complete animal liberation, and therefore an end to the exploitation of animals, a common criticism and counter-argument to this goal is:

Humans can't give up eating animals (or animal products), because then everyone would starve!

The Importance of Wild Animal Suffering Foundational

The number of wild animals vastly exceeds that of animals on factory farms. Therefore, animal advocates should consider focusing their efforts to raise concern about the suffering that occurs in nature. In theory, engineering more humane ecological systems might be valuable. In practice, however, it seems more effective to promote the meme of caring about wild animals to other activists
