The Swallows and Amazons series is a series of twelve children's books by English author Arthur Ransome, named after the title of the first book in the series and set between the two World Wars. The twelve books involve adventures by groups of children, almost all during the school holidays and mostly in England, but including four sailing trips that go outside England.

Arthur Ransome was born in 1884. He was in Russia in 1917 and witnessed the Revolution, which he reported for the Manchester Guardian. After escaping to Scandinavia, he settled in the Lake District of England with his Russian wife where, in 1929, he wrote Swallows and Amazons. Thus began a writing career that has produced some of the best children's literature of all time.

Wonderful Classic Books for Tweens ages 8 12

Carrie's War, The Machine Gunners and When Hitler Stole Pink Rabbit are great wartime favourites over here. The Phoenix and the Carpet was made into a fab BBC series in the 70s but is nowhere to be found anymore. The book is a good read too. If you go on Children's Books on Mumsnet you'll find loads of classics recommendations I've probably forgotten.

Semicolon Books we must have though we lack bread

I read (or at least started reading) approximately 75-100 middle grade speculative fiction books published in 2018. These are, in my opinion of course, the best of all that I read, worthy of your time and your children reading time as well.

Book List for Girls Homemaking With Heart

Here is a list of books we have read/plan to read in our family. We love books that fit this Charlotte Mason-inspired definition: those which have worthy thoughts, inspiring tales, inspiring ideas or pictures of life, and with fit and beautiful expression. The ones that made it on the list for girls are simply ones with themes and/or main characters that girls are likely to be drawn to.

Harry Potter Age by Age Guide Common Sense Media

Harry Potter is one of the biggest franchises today that is based off of a kids book or movie. I started reading the books in kindergarten but I wouldn't really recommend that because a) chances are Harry Potter is way above your 5 year old's reading level (I know fifth and sixth graders who haven't even started the series) and b) they are very likely to be frightened by the more scary scenes
