Steampunk Wikipedia

Steampunk is a subgenre of science fiction or science fantasy that incorporates technology and aesthetic designs inspired by 19th-century industrial steam-powered machinery. Although its literary origins are sometimes associated with the cyberpunk genre, steampunk works are often set in an alternative history of the 19th century's British Victorian era or American "Wild West", in a future

What is Steampunk Steampunk com

This is a good question that is difficult to answer. To me, Steampunk has always been first and foremost a literary genre, or least a subgenre of science fiction and fantasy that includes social or technological aspects of the 19th century (the steam) usually with some deconstruction of, reimagining of, or rebellion against parts of it (the punk).

7 Wonderfully Unique Steampunk Pocket Watches

Silver Pocket Watch Pendant This steampunk pocket watch is one of the non-functioning jewelry types of pieces. While it s more of a clockwork pendant than a standard pocket watch I couldn t help but love the fine engraving detail and tiny clock parts.
