Good and evil Wikipedia

In religion, ethics, philosophy, and psychology "good and evil" is a very common dichotomy. In cultures with Manichaeism and Abrahamic religious influence, evil is usually perceived as the dualistic antagonistic opposite of good, in which good should prevail and evil should be defeated. In cultures with Buddhist spiritual influence, both good and evil are perceived as part of an antagonistic

Evil Wikipedia

Evil, in a general sense, is the opposite or absence of good. It can be an extremely broad concept, though in everyday usage is often used more narrowly to denote profound wickedness. It is generally seen as taking multiple possible forms, such as the form of personal moral evil commonly associated with the word, or impersonal natural evil (as in the case of natural disasters or illnesses), and

Science and Christian Faith Conflict or Cooperation In

Introduction. The popular image of the relationship between science and Christian faith is one of antagonism, conflict, and even warfare. By contrast, I will attempt to show that despite some episodes of tension, the overall relationship between science and biblical theism has been largely cooperative and fruitful.
