Column Why geography matters for students now more than

Geography matters because learning about problems isn't enough; we have to take action to solve them.

Geography matters because we are all connected. Geography matters because this is our world.

Why Geography Matters Three Challenges Facing America

Why Geography Matters: Three Challenges Facing America was written by Harm de Blij, a Dutch-born geographer who has taught geography at US universities for half a century. De Blij identifies these three major challenges as being the rising power of China, climate change, and global terrorism; however, he also recognizes that there are many other potential challenges to the US.
