Homeless shelter Wikipedia

Homeless shelters are a type of homeless service agency which provide temporary residence for homeless individuals and families. Shelters exist to provide residents with safety and protection from exposure to the weather while simultaneously reducing the environmental impact on the community. They are similar to, but distinguishable from, various types of emergency shelters, which are

Homelessness in the United States Wikipedia

Homelessness is the condition of people lacking "a fixed, regular, and adequate nighttime residence" as defined by The McKinney Vento Homeless Assistance Act. According to the US Department of Housing and Urban Development's Annual Homeless Assessment Report, as of 2017 there were around 554,000 homeless people in the United States on a given night, or 0.17% of the population.
