Neuro linguistic programming Wikipedia

Neuro-linguistic programming (NLP) is an approach to communication, personal development, and psychotherapy created by Richard Bandler and John Grinder in California, United States in the 1970s. NLP's creators claim there is a connection between neurological processes (neuro-), language (linguistic) and behavioral patterns learned through experience (programming), and that these can be changed

Neuro Linguistic Programming NLP Life Training

Neuro-Linguistic Programming Is a method of influencing brain behaviour (the "neuro" part of the phrase) through the use of language (the "linguistic" part) and other types of communication to enable a person to "recode" the way the brain responds to stimuli (that's the "programming") and manifest new and better behaviours.
