The Asylum John Harwood 9780544227729 Amazon com Books

The Asylum reminded me of the book Children in the Attic where weird things are occurring and over time the explanation is revealed. This story would have been suspenseful and unsettling had I read it as a young teen.

Amazon com Asylum 9780062220967 Madeleine Roux Books

Let's get the good out of the way first. For everything that's wrong with this book, it does its overall job well. It's creepy. It gave me goosebumps. As far as horror fiction goes, Asylum does it well. However, it has some problems. Pacing is a huge issue.

Asylum Book Review Common Sense Media

Parents need to know that Asylum is a horror novel in which archaic, violent psychiatric treatments of the mid-

20th century come to terrifying life in story, illustrations, and old photographs from mental institutions. Also, someone is committing visually grotesque murders just like those of a serial killer once confined at the institution that now serves as a dorm.
