Accounting for Dummies by John A Tracy Goodreads

I find the Dummies series to be quite educational. If I wanted to learn about cooking or about sports, I can read a book designed around the topic. I think that a person should learn as much as they can about things that matter to them. I like learning about accounting because of its role in business.

Understanding Accounting Methods dummies

Officially, there are two types of accounting methods, which dictate how the company's transactions are recorded in the company's financial books: cash-basis accounting and accrual accounting. The key difference between the two types is how the company records cash coming into and going out of the business.
