Unravel Me is successful to retain the mind shattering effect on me same as the first book did. I would say the total series literally barraged my mind with it gripping actions, lots of power play and extremely sensual romance.

3.5 Stars. I didn't like this book as much as the first one, but having read the third book I can definitely say it's worth reading Unravel Me to finish the series. This story takes a different turn in this book. Shatter Me felt more dystopia, this book felt more like X-men, which was cool, just very different.
