EDUCATION IN THE 21st CENTURY Think Strategic for Schools

INTERNATIONAL EDUCATION. 21st century teachers need to serve as a guide or mentor for their students, not as the all-knowing sage providing them with all their information. With so much access to resources of all kinds, children are invariably going to know more than teachers on different topics, and be a step ahead of the technology in use.

The Role of Education in the 21st Century

Schools in the 21st century will become nerve centers, a place for teachers and students to connect with those around them and their community. Teachers in this new environment will become less instructors and more orchestrators of information, giving children the ability to turn knowledge into wisdom.
