Leadership Wikipedia

Leadership is both a research area and a practical skill encompassing the ability of an individual or organization to "lead" or guide other individuals, teams, or entire organizations. Specialist literature debates various viewpoints, contrasting Eastern and Western approaches to leadership, and also (within the West) United States versus European approaches.

The Importance of a Team Leader and Coach

The Importance of a Team Leader. How important is the role of a team leader?. Phil Van Auken notes that many people believe that being a leader is a matter of asserting I am this or I am that. However, a real team leader uses a sharing and caring style of leadership. This type of leader helps each member of their team to feel four important things about themselves.
