

DAY TRADERS

RELATED BOOK :

Day trader Wikipedia

A day trader is a trader who adheres to a trading style called day trading. This involves buying and subsequently selling financial instruments (e.g. stocks, options, futures, derivatives, currencies) within the same trading day, such that all positions will usually be closed before the market close of the trading day. Depending on one's trading strategy, trades may range from several to

Why I 'Seriously' Hate Day Trading Learn To Trade The Market

Day-trading is something that everyone knows about; you could walk up to any stranger and say "what do you think about day-trading?", and they would probably say something like "risky, but can make you rich really fast". Day-trading is one of the main ideas that lures people into the trading world; they think they will make some fast money and live the "dream" if they just learn how to "day

Short term trading Wikipedia

Short-term trading refers to those trading strategies in stock market or futures market in which the time duration between entry and exit is within a range of few days to few weeks.. There are two main school of thoughts: swing trading and trend following. Day trading is an extremely short-term style of trading in which all positions entered during a trading day are exited the same day.
