The last book to truly do that to me was Stargirl, which is a brilliant read in itself in its ability to both hold some significant meaning and destroy you a little bit on the inside in order to do some repair what ails you. Pie did this to me. Pie is, on its basis, about a girl coping. Her aunt was a great woman, respected in town and such.

### **Pie Book summary and reviews of Pie by Sarah Weeks**

Pie In my opinion this was the second best book for the Sunshine State Readers (it is a book thing we do in Florida). Pie just really wasn't my style of book. I feel like the Sunshine State books are getting worse and worse, when I was in 3rd grade the teachers chose really good books like Janitors, Wish Stealers, and The Candy Makers - I'd recommend these books instead of Pie.
