RELATED BOOK :

Under the Dome novel Wikipedia

Under the Dome is a science fiction novel by American writer Stephen King, published in November 2009. It is the 58th book published by Stephen King and it was his 48th novel. Set in and around a small Maine town, it tells an intricate, multi-character and point-of-view story of how the town's inhabitants contend with the calamity of being suddenly cut off from the outside world by an impassable, invisible barrier that drops out of the sky, transforming the community into a domed city.

Under the Dome A Novel Stephen King 9781439148501

Read their exclusive Amazon guest review of Under the Dome: The first thing readers might find scary about Stephen King's Under The Dome is its length. The second is the elaborate town map and list of characters at the front of the book (including "Dogs of Note"), which sometimes portends, you know, heavy lifting.

Under the Dome by Stephen King Paperback Barnes Noble

Stephen King is one of my favorite writers, specifically because of books like Under the Dome, in which he creates a town of people, a town of characters, and then has them fight against each other and join forces against a common foe. This book is fairly slow.

Under the Dome by Stephen King Goodreads Share book

Under the Dome had an interesting concept but I was kind of getting bored with the book. It might have had to deal with how long the actual book was but I can't say that it was the only flaw. It might have had to deal with how long the actual book was but I can't say that it was the only flaw.

Under the Dome Part 2 Online Bookstore Books NOOK

I have read the original Under the Dome more than once. It is a great book, but I really understood this Nook Book was a followup of that one. You should be more careful in your descriptions.

Under the Dome Part 1 by Stephen King Goodreads

This book is incredibly good. It's not that type of teen reading, is so much deeper than that. Stephen King is a

master of writing, he describes everything exactly as it is, always adding a touch of naked sensibility. The beauty of this book resides in the terrifying reality of the Dome.

Summary and reviews of Under the Dome by Stephen King

Under the Dome is a moving, suspenseful, and action-packed story about an invisible dome that entraps a town. The horror of the story is more the political corruption and insanity epidemic than the actual dome.

Spoiler warning I just finished Under the Dome and want

IMO, Under the Dome, like the other books you mentioned, are more about what happens in the middle than what happens at the end. What happens at the start (and what happens to conclude the story) are just devices to explore humanity.
