RELATED BOOK :

Signature in the Cell by Stephen C Meyer

The Signature in the Cell shows that the digital code imbedded in DNA points powerfully to a designing intelligence and helps unravel a mystery that Darwin did not address: how did the very first life begin? The book shows how the case for intelligent design can be formulated as a rigorous scientific argument using the very same method of reasoning that Darwin used.

Signature of Controversy Responses to Critics of

Signature of Controversy is a response to the 2009 bestseller Signature in the Cell by Stephen C. Meyer, a book recognized as establishing one of the strongest pillars underlying the argument for intelligent design. To call Signature in the Cell important is an understatement. The critical response that followed the publication of Stephen Meyer's book was fascinating, but the fact is that few
