### **Cooking for Geeks Real Science Great Cooks and Good**

Cooking for Geeks\*: Real Science, Great Hacks, and Good Food by Jeff Potter is sort of a cookbook, but there's few recipes compared to the amount of writing, so you can just read it straight through, which is what I did. This is a book geared at everyone from people who don't know how to boil water to professional cooks, because most of the focus is on the science behind food, which I think few people know.
