### **Container Gardening with Native Plants Yerba Buena**

Attracting Birds, Butterflies and Pollinators Many of the same plants that attract bees, birds, and butterflies to your in-ground garden can be used to good effect in containers. A box outside your kitchen window with Buckwheat and Penstemon can attract bees, butterflies, and hummingbirds from spring into late summer. Since plants that are cared for in pots often bloom longer than their

### **Watering Outdoor Potted Plants How And When To Water**

Potted plants tend to dry out more quickly than their in-ground counterparts. The small soil space and the construction of the pot mean the container stores very little moisture. In general, early morning or early evening is the optimal time to water your containers, as this will give the plant some
