The Killing field The title itself has its semantic meaning. For me it is a metaphor. Overall I enjoyed reading the book. In spite of new information about Kampuchea, I have also learned the value of sadism in one of the most ruthless regimes in the world.

The Killing Fields Christopher Hudson 9780330285131

It takes a virtually impossible act of imagination to envision what it was like to live through this era. Hudson's attempt is an important and reasonable one, though it verges towards what would make a good movie, which it ultimately was The Killing Fields. 4-stars.

The Killing Fields by Sydney Schanberg Goodreads

The book is richly illustrated with articles by both Dith Pran and Sydney Schanberg. There is more about their history and that of Cambodia and the Khmer Rouge than on the actual making of the film. Page 31 (my book This is an accompanying booklet to the film The Killing Fields).
