Time Limited Psychotherapy With Adolescents

TIME-LIMITED PSYCHOTHERAPY. Time-limited psychotherapy is a method of short-term dynamic psychotherapy designed by James Mann. 20, 21 The treatment plan is typically based on a two-session intake focused on identifying the chronic pain of the patient and the consequent experience of self-image vulnerability. In the intake sessions, the therapist actively gathers information and associations from the patient and uses his or her feelings to understand the patient better.

Time Limited Psychotherapy James Mann M D Harvard

The bold and challenging technique for brief psychotherapy designed around the factor of time itself, which James Mann introduces here, is a method he hopes will revolutionize current practice. The significance of time in human life is examined in terms of the development of time sense as well as its unconscious meaning and the ways these are experienced in both the categorical and existential senses.
