House Wikipedia

Ideally, architects of houses design rooms to meet the needs of the people who will live in the house. Feng shui, originally a Chinese method of moving houses according to such factors as rain and micro-climates, has recently expanded its scope to address the design of interior spaces, with a view to promoting harmonious effects on the people living inside the house, although no actual effect

Farnsworth House Wikipedia

The Farnsworth House was designed and constructed by Ludwig Mies van der Rohe between 1945 and 1951. It is a one-room weekend retreat in what then was a rural setting, located 55 miles (89 km) southwest of Chicago's downtown, on a 60-acre (24 ha) estate site adjoining the Fox River, south of the city of Plano, Illinois. The steel and glass house was commissioned by Edith Farnsworth, M.D., a
