

[ANIMAL TRAINING BOOKS](#)

RELATED BOOK :

Animal Training Successful Animal Management Through

This book is a decent overview of animal training theory and techniques. Unfortunately, it suffers greatly from a lack of editing and therefore comes across as less than authoritative and rather juvenile.

Animal training Wikipedia

Animal training is the act of teaching animals specific responses to specific conditions or stimuli. Training may be for purposes such as companionship, detection, protection, and entertainment. The type of training an animal receives will vary depending on the training method used, and the purpose for training the animal. For example, a seeing eye dog will be trained to achieve a different goal
