What is the 'Stock Market'. The stock market refers to the collection of markets and exchanges where the issuing and trading of equities or stocks of publicly held companies, bonds, and other classes of securities take place. This trade is either through formal exchanges or over-the-counter (OTC) marketplaces. Also known as the equity market,

What Is The Stock Market And How Does It Work Nasdaq com

A stock market is a place where people buy and sell stocks. Those happen on any one of many sites, both physical and virtual, that are known as exchanges. The two best known exchanges in the U.S. are the New York Stock Exchange (NYSE) and the Nasdaq, but there are also fourteen others that handle stocks.

How Does the Stock Market Work Investopedia

When you buy a stock, you're buying a piece of the company. When a company needs to raise money, it issues shares. This is done through an initial public offering (IPO), in which the price of shares is set based how much the company is estimated to be worth, and how many shares are being issued.

Stock Market What is the Stock Market and How it Works

The stock market refers to public markets that exist for issuing, buying and selling stocks that trade on a stock exchange or over-the-counter. Stocks, also known as equities, represent fractional ownership in a company, and the stock market is a place where investors can buy and sell ownership of such investible assets.

TheMint org Fun For Kids What is the Stock Market

The stock market is an everyday term we use to talk about a place where stocks and bonds are "traded" meaning bought and sold. For many people, that is the first thing that comes to mind for investing. The goal is to buy the stock, hold it for a time, and then sell the stock for more than you paid for it.

How Stocks and the Stock Market Work HowStuffWorks

How Stocks and the Stock Market Work. Not exactly. But unfortunately, that's how many new investors think of the stock market -- as a short-term investment vehicle that either brings huge monetary gains or devastating losses. With that attitude, the stock market is as reliable a form of investment as a game of roulette.
