### **Great Depression Wikipedia**

The Great Depression was a severe worldwide economic depression that took place mostly during the 1930s, beginning in the United States. The timing of the Great Depression varied across nations; in most countries it started in 1929 and lasted until the late-1930s. It was the longest, deepest, and most widespread depression of the 20th century. In the 21st century, the Great Depression is

### **Nevins Research**

Blank line. Blank line. Economics for Independent Thinkers is useful to practitioners who make economic forecasting part of their investment process. It highlights practical difficulties with such standard methods as the coincident or lagging nature of consumer confidence surveys and the time lags built into production and employment indicators.
