### **G Edward Griffin Wikipedia**

G. Edward Griffin. He is the author of The Creature from Jekyll Island (1994), which promotes false theories about the motives behind the creation of the Federal Reserve System. He is an HIV/AIDS denialist, supports the 9/11 Truth movement, and supports a specific John F. Kennedy assassination conspiracy theory.

### **The Creature from Jekyll Island A Second Look at the**

I first read THE CREATURE FROM JEKYLL ISLAND in 1995, just before I introduced the author, G. Edward Griffin, to an audience assembled at Provo High School to hear him speak about the new book. 600 were gathered there to hear him describe the origin of the Federal Reserve System, a private banking cartel created by Congressional fiat in 1913.

### **The Federal Reserve Part I The Creature from Jekyll Island**

"The Creature From Jekyll Island" is amateurish at best and another total misrepresentation of the facts and events. It is very one-sided and ignores the real political manipulation of the Fed by the government for their own self-interest.

### **Creature from Jekyll Island A Second Look at the Federal**

Jekyll Island delves into the complicated world of central banks and makes it fascinating and easy to understand. I thoroughly enjoyed the book and now understand the relationship between politics and the role central banks play in the tax and inflation policy that consumers and citizens suffer from.
