The laws of physics are frequently ignored in service to the story, with someone taking a plunge from a great height being probably the most frequent offender. Writers tend to forget that it's not the fall that kills you it's the sudden stop at the end.

Karoma NPC World of Warcraft wowhead com

Comment by Magnett Karoma looks the same as the Ancient Grimtotem Spirit Guide, which used to be tamable by Hunters with the help of some Haste effects. Blizzard changed this in a later patch, but those who already had one got to keep it. However, Karoma is a Spirit Beast while the Grimtotem Spirit Guides were wolves, so those who tamed one back in TBC will still have a unique pet to some degree.
