RELATED BOOK :

Sky island Wikipedia

Origin of the term. The sky island concept originated in 1943 when Natt N. Dodge, in an article in Arizona Highways magazine, referred to the Chiricahua Mountains in southeastern Arizona as a "mountain island in a desert sea" .. In about the same era, the term was used to refer to high alpine, unglaciated, ancient topographic landform surfaces on the crest of the Sierra Nevada, California.

Island in the Sky 1953 film Wikipedia

Island in the Sky is a 1953 American aviation adventure drama film written by Ernest K. Gann based on his 1944 novel Island in the Sky, directed by William A. Wellman, and starring and co-produced by John Wayne. It was released by Warner Bros. Due to its realism depicting the events surrounding an actual aircraft crash, it is considered one of the "classic" aviation films.
