Trait Theory of Leadership

Leadership trait theory is the idea that people are born with certain character traits or qualities. Since certain traits are associated with proficient leadership, it assumes that if you could identify people with the correct traits, you will be able to identify leaders and people with leadership potential.

Situational Theory of Leadership Verywell Mind

The situational theory of leadership suggests that no single leadership style is best. Instead, it all depends on the situation at hand and which type of leadership and strategies are best-suited to the task. According to this theory, the most effective leaders are those that are able to adapt their style to the situation and look at cues such as the type of task, the nature of the group, and
