Inspiring Shops WOOD Magazine

Wood shop, metal shop, race shop. Jack Olsen had to find a way to make this 440-sq-ft garage work as a metal shop, a wood shop, and an auto shop-all without any room to expand and only \$1,000 to cover the upgrades.

Over the course of three moves across the United States, Lynn Eberhardt gathered plenty of experience setting up workshops

Three Workshop Starters Downloadable Plan Woodcraft

Details. Well, consider this trio of projects designed to help you build your shop from scratch. The stacking stools get you off the floor, the torsion boxes double as a work surface and assembly table, and the base cabinet offers needed storage. While you can use these projects separately, they all work best as a set.
